

Lean Leader

Target

An improvement-culture can only be established if good co-operation is assured. Management and execution are mutually dependent and complementary. Without a goal-oriented leadership fundamental changes are impossible. In this course you will learn how to successfully lead a team and influence a Lean culture.

Training Priorities

Lean Leadership Methods and Tools are presented and deepened with exercises and practical examples.

Methods

- Teamwork
- Lean Leadership
- Change management
- Management by objectives
- Control tools for Lean Projects

Target Participants

Executives who want to introduce or optimize lean management in their company.
